Message From The Mayor.....

We will remember the days of June 12th and July 30th for many years. Many of you were personally touched by the two tornados that ravaged our neighborhoods. Each began as a typical summer day in Olive Branch but ended with lives being changed and property damaged. Thankfully, we were able to endure both events without serious injury. In a matter of seconds, the tall old trees that had been with us for decades were reduced to rubble and damage was caused to hundreds of homes. The citizens of Olive Branch responded quickly, neighbor helping neighbor, with some ignoring their own homes and choosing to make sure their neighbor was taken care of. The employees of the City of Olive Branch responded quickly and professionally. It did not matter what their specific job was, our employees just pitched in and spent long hours helping to remove debris and bringing Olive Branch back to normal. Our police and fire departments responded immediately to address the safety and personal concerns of our citizens. All of our other departments did the same. Each employee worked diligently and safely to assist their neighbors and I appreciate each one of them for their dedication. *Governor Barbour* was quoted numerous times after *Hurricane Katrina* about our can-do Mississippi attitude. He said: "*Mississippians just hitched up their britches and went to work*". We did it then, and Olive Branch employees did the same thing during these two events.

I want to thank all of them for their service. ☺

OLIVE BRANCH HALL OF FAME SELECTS FIVE

Each year five individuals (living or deceased) are selected for induction into the *Olive Branch Hall of Fame*. It is the highest honor the City can bestow upon one of its citizens. The selection process starts each year with the April 1st publication of the *Spring/Summer City Newsletter*, when the general public is asked to make recommendations of deserving individuals. Those names are submitted to a seven (7) member *Nominating Committee*, each of whom submits five (5) names in nomination. Those names are added to the names of any individuals who received at least one vote in the previous years *Hall of Fame* balloting to make up the full slate of nominees for the ballot. This year there were thirty-eight (38) names in nomination. The balloting is by the seven (7) member *Hall of Fame Board* plus any living member of the *Olive Branch Hall of Fame*. This year, twenty-one (21) individuals (names listed here) were not selected for induction, but received at least one vote in the balloting. Their names will be carried forward in nomination to next year.

NEW FEATURE TO HONOR WW-II VETERANS

With this issue and all future issues of your *City Newsletter*, we plan to pay tribute to one of the *WW-II Veterans* who are listed in our *Veteran's Book of Honor* at Olive Branch City Hall and who live in the Olive Branch area. Around the nation, these men and women who went to war more than a half-century ago to literally save civilization, are leaving us at the rate of over 1,800 every day, so it is fitting that we bestow upon them this recognition and honor while they are still with us. ☺

BILLIE B. BLOCKER joined the *U.S. Army* in April of 1942. He was assigned to the *Army Air Corps* and went through pilot training at *Ft. Hamilton, NY, Shaw Field, SC, George Field, IL, and Westover Field, MA*. He completed his training to fly the *B-24 Liberator Bomber* at *Pueblo Air Base, CO*. He was shipped overseas to the *460th Bomber Group* of the *15th Air Force* flying out of *Spinazzola, Italy* against enemy targets in southern *Europe*. His crew flew twenty-five combat missions before being shot down by *German* fighter aircraft over *Vienna, Austria* in June of 1944. **Blocker** and six members of the crew were able to bail out of the burning plane and were captured by the *Germans*. *First Pilot, Jack Smith*, and two gunners were killed when the plane crashed. **Blocker** spent the next eleven months in prison camps in *Germany* and *Poland* before being liberated by *Patton's Third Army* at the war's end. He returned to the *U.S.* and was given the *Air Medal* and discharged in *San Antonio, TX* with the rank of *1st Lieutenant* in 1945.

Billie Blocker presently lives in *Olive Branch*.

To Whom We Owe So Much

IT IS NEVER TOO LATE TO RIGHT A WRONG, IS IT ????????

BILL CRUTHIRDS, SR.
Curator - Olive Branch Museum

This story is about a baseball game that took place on June 5, 1952, but it all started back in 1946. *World War II* was over and thousands of young servicemen were coming home to find jobs and get on with their lives. One of those young men, fresh out of the army was *Olive Branch* native, **Maury Haraway**. He managed to find a job as a teacher at *Olive Branch High School*. Six years later, in 1952, *Olive Branch School Superintendent*, and high school baseball coach, **B. J. Chain** gave up the coaching job creating an opening for a new baseball coach. **Maury** had been coaching girls basketball and knew a thing or two about baseball, so he applied for, and was hired as the new baseball coach. *Olive Branch's* population in the 50s and 60s was around 500, and even though the school drew students from outside the City, it was still hard some years to find enough kids with baseball skills to even field a baseball team, let alone be competitive on the State level, but that is exactly what happened. Despite **Maury's** modest claims of having limited coaching skills, he managed to turn his teams into over-achievers, winning 317 games in his 19 year coaching career at *Olive Branch High School* (average of nearly 17 wins per season). You don't accomplish something like that unless you are a pretty good coach. Years later he would say that he got the most out of his players by convincing them that it was "God's game plan", although he probably never explained to them why God would take sides in a high school baseball game. He never had a losing season and won ten *District Championships*, six *North Mississippi Championships* and took the *Olive Branch Eagles* to the *State Championship Series* six times without ever winning the *State Title*except for that time in 1952, and that is the reason for this story.

The 1952 *Olive Branch* team, **Haraway's** first, was one of his better teams, maybe not his best, but certainly in that category. They had been *Runner-up State Champions* the year before under Coach **Chain**. As was nearly always the case, the team was few in number and liberally sprinkled with juniors and sophomores, and if a player was

sick or out of town and someone got hurt, he had a hard time fielding a team. That year, behind the solid pitching of **Richard Shelton** and backup, **Russell Rikard**, the team won its conference, and its district, and then took the *North Mississippi* title, earning a trip to the *State Championship* three-game series against *Mississippi* perennial baseball powerhouse, the *Jackson Central Tigers*. In the early 1950s, *Jackson Central* was the only high school in *Jackson, MS*, a city of upward of 100,000 people. It was truly a *David and Goliath* matchup, and **Haraway**, no doubt, played upon that in preparing his team for the tournament. A flip of a coin determined the first game would be played in *Olive Branch*, the second in *Jackson* and the third, if necessary, on a neutral site in *Greenwood*.

MAURY HARAWAY
Baseball Coach - Olive Branch High School

For now, I am going to skip over the first game and come back to it later because, as I have said, that game is the reason for this story. *Olive Branch* won the second game in *Jackson* by a score of 9 to 7. *Jackson Central* won the third game, 7 to 3 at the neutral site in *Greenwood*. That leaves that all-important first game that was played in *Olive Branch*.

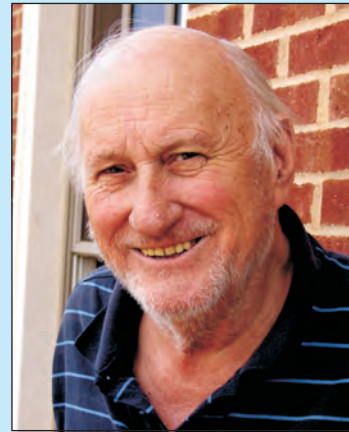

An overflow crowd of *Olive Branch* fans cheered wildly on that sun-drenched June day 57 years ago, as the *Eagles* battled the *Tigers* toe to toe, inning after inning, with the lead shifting back and forth. It was a rematch of the 1951 *State Championship Series* between these same two teams which had been won by *Jackson* a year ago. This year would be different as *Olive Branch* took the game into the top of the seventh, and final, inning leading 4 to 3, just three outs away from victory. *Olive Branch* pitcher, **Richard Shelton**, though beginning to tire, was still throwing hard and managed to get two men out but then gave up two hits in a row to *Tiger* batters **Stanley** and **Kinard** (later of *Ole Miss* fame), allowing *Jackson* to get runners on second and third. Just one out away from an *Olive Branch* win, with two runners on base, *Jackson's* dangerous clean-up batter **Kirkland** came to bat. The crowd, sensing victory, held its breath as **Kirkland** completed his warm-up swings and stepped up to the plate.

Center Fielder: JACK LOWRY, Right Fielder: MARVIN WATSON, Shortstop: BUDDY CHAIN

Second Baseman: RALPH WOODS

Pitcher: RICHARD SHELTON

The count may have gone to three and two, but no one remembers, and it really doesn't matter. What matters is that, with the game on the line, **Shelton** took his stretch, held the runner at third, reached deep for everything he had left, and unleashed a high, hard, blazing fast ball right down the middle that **Kirkland** slammed, as a screaming line drive, over second base into short center field. The outfield was playing in tight and *Olive Branch* center fielder, **Jack Lowry** got a good jump on the ball and racing toward the infield and the sinking line drive, made a diving shoe-string catch and came up holding the ball high in the air as he was mobbed by his teammates and overjoyed spectators who had rushed onto the field. **Olive Branch had won! Olive Branch had won! The game was over**or was it? While all the victory celebrating was going on, the two *Jackson* base runners crossed the plate. It seems the one person on the field that day who thought **Lowry** trapped the ball, instead of catching it, was the field umpire nearest the play (who just happened to have driven up from *Jackson* to call the game). It was his call to make, and he ruled it a trapped ball and not a catch, and his was the ruling that stood. Instead of the game being over, the *Tigers* led it 5 to 4. Coach **Haraway** finally managed to calm his team down enough to continue the game. The next batter flew out to center field leaving **Kirkland** on base and ending the inning. *Olive Branch* scored one run in the bottom of the seventh to tie the game at 5 all, and send it into extra innings. *Jackson* would score an unanswered run in the tenth and win the game 6 to 5, and ultimately the *1952 State Championship* on a bad call.

Olive Branch players **Buddy Chain**, **Marvin Watson** and **Jack Lowry**, all of whom live in the *Oxford* area, had a reunion of sorts in April of this year, and the game and the play was replayed over and over again, with **Lowry** just as adamant now as he was 57 years ago: "I caught the ball". Both **Chain** and **Watson** agreed. Second baseman **Ralph Woods**, who lives in *Olive Branch* today and who was probably closest to **Lowry** when he made the catch, said there is no doubt in his mind that he caught it. Pitcher **Richard Shelton**, also an *Olive Branch* native, remembers it like it was yesterday: "**Jack Lowry caught the ball**".

It is never too late to right a wrong. On October 1, 2009, based upon the irrefutable testimony of five who were there, *Olive Branch* Mayor **Sam Rikard** issued a *Proclamation*, proclaiming *Olive Branch High School* the winner of the baseball game played in *Olive Branch* on June 5, 1952, a date two years before he was born. Based upon this *Proclamation*, that would make *Olive Branch High School* the *1952 State Baseball Champions*.

GAMMAGE NEW CHIEF OF POLICE

At the July 7th meeting of the Mayor and Board of Alderman, Assistant Police Chief, **Don Gammage** was appointed to replace **Art Heun** as *Olive Branch's* new Chief of Police. **Gammage** was first hired as a *Patrolman* in the *Olive Branch Police Department* by former Police Chief, **Frank Brown** in 1992. **Don** plans to continue and build upon the high standards of organization and crime prevention that have been established in the *Olive Branch Police Department* which resulted recently in the *Department* becoming only the ninth law enforcement organization in *Mississippi* to become nationally accredited. He intends to improve *Neighborhood Watch* programs and to make the *Department* more visible in the community. **Don**, and all the members of the *Department* are anxiously awaiting the completion of the new *Police Department Building* at 10470 Highway 178. ☺

Dixee is one of ten "drug dogs" serving with the *Memphis Police Department*, and she ranks as one of their best. She is a Labrador/hound mix of uncertain lineage. In early 2009, she was picked up running loose by *Olive Branch Animal Control* and taken to the *Animal Shelter* where she stayed, unclaimed for over a month. *Olive Branch Animal Control Supervisor*, **Debbie Holden**, works with various dog rescue groups in the area, and was able to place **Dixee** with the *Tipton County Dogs 2nd Chance Program*. *2nd Chance Director*, **Linda Sutpin** realized **Dixee** was a special dog and began fostering her in her home. She mentioned to *Memphis Police Department* narcotics dog trainer, Sgt. **Keith Watson**, that he might be interested in looking at **Dixee**. He liked what he saw and now, after a vigorous training program, **Dixee** is a valued member of the *Memphis Police Department Narcotics Squad*. ☺
