Effective Date is date approved by PSC  
 (Proposed date is 07/19/2010)

**SEASONAL SEWER ADJUSTMENT**

Each month April through October sewer customers with water usage not requiring sewer treatment may notify the Utility Dept. of such usage. This notification will allow the customer's sewer bill for the month of said usage to be adjusted to the average winter consumption. Winter consumption will be considered the average consumption for the months of November through March.
